EDUCATION

SRM Institute of Science And Technology, Computer Science (Big Data Analytics) - CGPA 9.74	2023 - 2027
XII (Senior Secondary) Lord Buddha Public School, Kota - Percentage: 81%	2019 - 2021
X (Secondary), St. Thomas School - Percentage: 92.2%	2017 - 2019

SKILLS

Languages: Java,C++,Python, SQL

Tools & Technologies: Figma, VS Code, Power BI, Tableau, Git, Web Development (HTML, CSS, JavaScript), React and Next.js, Django, Orange, Knime, NLP

Fundamentals: Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, SDLC.

PROJECTS

Brain Tumor Detection Model (*Python, TensorFlow, OpenCV*)

- Built a CNN-based model to classify brain tumors, achieving 95% accuracy.
- Processed 800+ medical images and applied data augmentation to enhance model performance.

Machine Learning-Based Detection and Classification of Harmonic Distortions (*Research Project*)

- Developed a machine learning-based system for detecting and analyzing harmonic distortions in power signals.
- Uses frequency-domain features and dimensionality reduction to enable accurate harmonic identification and support future vibration and loss reduction.

Resume ATS Analyzer (*Python, Streamlit*)

- Built a Streamlit-based app that checks resume compatibility with ATS by extracting keywords, formatting checks, and job-resume alignment.
- Used NLP and PDF parsing tools to automate resume improvement suggestions.

EXPERIENCE

Corporate Team Member

SRMIST KTR ACM SIGKDD Student Chapter, DSBS Department, SRM KTR, Sep 2024 – Present · Chennai, Tamil Nadu

Organized technical talks, hands-on workshops, and industry sessions in collaboration with the corporate team.

Tech Team Member-Think Digital, SRM KTR, Feb 2025 – Present · Chennai, Tamil Nadu

Assisted in the development of internal tools and automation processes for websites specifically Frontend.

CERTIFICATIONS

Race To Oracle Certification- Completed certifications in fields like DATA SCIENCE and GEN AI.

Big Data Fundamentals – Infosys Springboard

Programming in Java – NPTEL (IIT)

Certified course covering object-oriented programming, exception handling, multithreading, and Java libraries.

Database Management Systems (DBMS) – NPTEL (IIT)

Covered ER models, relational algebra, normalization, indexing, and advanced SQL.

Introduction to Object Oriented Programming in C++ – Coursera

Focused on OOP principles like encapsulation, inheritance, and polymorphism using C++.

Volunteering

Volunteer – NSS SRM KTR

ACHIEVEMENT

Ranked in the top 5 of the department and awarded a merit-based scholarship for academic excellence.
